## CS-PSL

### Penetrating Spray Lubricant

---

CS-PSL is a light-viscosity, general-purpose penetrating spray lubricant used to free stuck parts, clean, and provide long lasting, non-gumming lubrication. It offers enhanced protection and removes surface rust and other deposits. CS-PSL lubricates and stays in place to help protect metal parts from rust and corrosion.

#### ATTRIBUTES

- Superior penetrating ability
- Removes surface rust and other deposits
- Excellent resistance against water contamination
- Excellent protection against wear, rust and corrosion
- Enhanced cleaning properties
- Non-toxic/non-hazardous
